Description

Binom Strength - BS07 Multipress Bench - 100% Professional

We offer a **Multigym, Bench, or Power Rack** that provides quality stability and support that works to prevent injury if your intentions are to lift a large amount of weight. Designed for both Personal or Semi-Professional use, that is, it can be used both at home and if you are an athlete, sportsperson, coach or have a small personal training studio. The improvements added in this new model improve and increase the stability of the machine **allowing it to support up to 225kg in bench press/squats and 136kg in lats and triceps.**

We are more than sure to tell you that by choosing this machine your investment will be guaranteed with a **100% reliable and precise product.** With all the necessary spare parts in stock. You can save space and money. All the biomechanics of this machinery have been created by the best engineers and trainers in order to isolate the muscle in the most efficient way.

Binom Strength Bank BS07 Multipress

GENERAL FEATURES

If you want to finish your training in the most professional and elegant way, the **new Binom Strength WorkBench** is the perfect machine for it. This model has a **more robust base that provides greater stability to the bench**, which will allow you to perform exercises more comfortably and safely.

This machine from the Strength line has been designed and created for the continuous demands of the

Fitness market, which demands high-quality machinery at very competitive prices. You will be able to have the best professional quality in reduced spaces since almost all the machines in this line work more than one muscle group. **Machines include:**

- Chassis with **ultra-reinforced structure**.
- **Stainless steel** of the highest quality.
- **Exercise switching free** of double functions that make the exercise much more comfortable.

The Binom Strength Workbench's lever arm simply replaces the bars making it the safest and most effective resistance training method available. It also comes with a built-in high pulley bar, a low pulley straight bar for biceps, and the leg pad attachment making this an all-in-one machine.

Among the **extensive variety of exercises** that we can perform with the **Binom Strength WorkBench** we find: Rowing, Chest Press, Trapeze, Triceps, AB Crunch, Shoulder Press , Bench Press, Biceps, Squat (squats), Calves, Lats.
