Binom Strength Bench BS55 Adjustable

GENERAL FEATURES

This Adjustable Bench from the Strength line has been designed and created for the continuous demands of the Fitness market, which demands high-quality machinery at very competitive prices. You will be able to have the best professional quality in reduced spaces since almost all the machines in this line work more than one muscle group. **Machines include:**

- Chassis with **ultra-reinforced structure**.
- **Stainless steel** of the highest quality.
- **Exercise switching free** of double functions that make the exercise much more comfortable.

Our benches are recognized in the world of fitness for their high quality and reliability, our products are a benchmark for having the best response to intensive use. As it is a professional disk loading machine, you can give it a very high performance without any of its components having a minimum of suffering.

All the pieces we offer are designed for great resistance to work, their finishes and design are made to be the

best option for your gym. Below you will see the technical characteristics, where you will see that you will always have a first-class product, at a super competent price.

TECHNICAL SPECIFICATIONS

- **Structure:** Rectangular steel that guarantees the highest structural integrity.
- **Upholstery** resistant to sweat.
- The chassis receives a **powder paint finish** to ensure maximum adhesion and resistance.
- **Painting:** The painting process of the machines is carried out in a four-layer treatment tunnel, which offers an absolute guarantee against corrosion*.
- Maximum user weight: 150 Kg.
- **DIMENSIONS:** L 1631 mm x W 1289 mm x H 1370 mm

*Painting process: The first layer is degreased and hot phosphated. The second is a prephosphating at room temperature. In the third, hot phosphating is carried out. And finally, the structure is covered with epoxy powder paint.
