Binom Advanced BA30 Plate Loaded Leg Press

GENERAL CHARACTERISTICS

The Advanced line has been designed and created for the continuous demands of the Fitness market, which demands high quality machinery at very competitive prices.

With our Advanced line you can have the best professional quality in small spaces since almost all the machines in this line work muscle groups.

With our Advanced line you can have the best professional quality in small spaces since almost all the machines in this line work more than one muscle group.

TECHNICAL CHARACTERISTICS

- **Structure:** High-strength 2.5 mm steel tube, laser cut for greater precision, and welded using a robotic process.
- **Guides:** Calibrated from solid carbon steel and with double hardened chrome treatment for better sliding of the weight plates.
- **Upholstery:** Faux leather upholstery, resistant to perspiration, anti-allergic and antibacterial, with special high-density foam interior.
- **Grips:** Anti-allergic and non-slip neoprene.

- **Platforms:** Made of non-slip material to ensure the safety of the support.
- **Weight:** 225 kg.
- **Dimensions:** 207 x 142 x 146 cm.

EXTRAS

- The sled rides on high-density nylon wheels and stainless steel rails for smooth, quiet operation.
- The brake mechanism is automatically deactivated when the user begins to exercise.
- Two pairs of weighted speakers for more weight and less space.
- Separately adjustable safety limits protect users from injury.
- Five-position adjustable backrest and angled headrest.

All our machinery is manufactured with the highest design and quality controls to offer our client the best quality at the best price.
