Description

Binom Advanced BA42 Functional Trainer Dual Pulley - 100% PROFESSIONAL

The **Binom Advanced BA42 Functional Trainer** is a dual-pulley training station ideal for all types of users, from beginners to fitness professionals, designed to enhance your workouts. Its high-strength steel structure ensures stability and durability, while the included accessories provide great versatility to adapt to different types of training. Additionally, its nylon pulleys and magnetic weight adjustment system offer safe and precise use, optimizing each exercise session.

We are more than confident in telling you that choosing this machine guarantees your investment with a 100% reliable and precise product. All necessary spare parts are in stock. You will save space and money. The biomechanics of this machine have been created by the best engineers and trainers to isolate the muscle in the most efficient way.

Binom Advanced BA42 Functional Trainer Dual Pulley

GENERAL FEATURES

Dual pulley with a 3:1 ratio, allowing controlled and effective movements. Its structure is made of high-strength steel with 2.5 mm thick tubing, ensuring maximum durability. Equipped with nylon pulleys for smooth gliding and magnetic pins for precise weight adjustment. Includes 100 kg of plates on each side (total 200 kg), providing the necessary intensity for demanding workouts, ensuring a high-performance experience. It comes with a **complete set of accessories** such as bars, grips, and ankle straps, allowing optimal execution of various exercises.

With our BINOM Advanced machine line, you will achieve the best results for yourself and your clients. Large gyms use our machines as an essential part of their customer offerings. BINOM machines have proven to be the most effective for training all muscle groups, whether for definition or muscle building.

Binom Fitness is our brand. Recognized in the fitness world for its high quality and reliability, our machines are proud to offer the best response to intensive use. These are strength training machines that, with minimal maintenance, will provide satisfaction for a long time.
