

SelectORIZED BSP31 Dual Biceps / Triceps

Product Images

Description

Binom Steel Pro - BSP31 Dual Selectorized Biceps / Triceps - 100% Professional

The **Binom Steel Pro BSP31 Dual Selectorized** is a versatile machine that combines two essential exercises in one unit: **biceps curl and triceps extension**. It is designed to deliver professional performance even in gyms with limited space, thanks to its dual-function structure. This machine allows you to easily switch from one exercise to another: by adjusting the seat and positioning the movable arm, you can train biceps or focus on triceps with complete comfort. With a maximum weight stack of 96 kg + an additional 4 kg, you can progress in your training by adapting the weights to your needs.

We are more than confident in saying that by choosing this machine, your investment is guaranteed with a **100% reliable and precise product**. All necessary spare parts are in stock. You'll save both space and money. The entire biomechanics of this machine has been developed by top engineers and trainers to isolate the muscle as efficiently as possible.

Binom Steel Pro BSP31 Dual Selectorized Biceps / Triceps

GENERAL FEATURES

This selectorized machine from the Steel line has been designed and built to meet the ongoing demands of the fitness market, which seeks high-quality equipment at highly competitive prices. Achieve professional-grade results even in compact spaces thanks to this dual machine that allows you to work multiple muscle groups.

The Binom Steel Pro line lets users experience the same range of motion and feel as free weights, but with the safety of a selectorized machine. **Machines include:**

- High-quality nylon pulleys.
- Ultra-reinforced chassis structure.
- High-quality Q325 steel.
- Magnetic pin for easy weight selection.

Our selectorized machines stand out for their high quality and reliability. Our products are a benchmark in delivering the best performance under intensive use. Being a professional machine, it can operate at maximum output without any component undergoing wear or stress.
