Description

Binom Strength - BS108 Flat Row Bench - 100% PROFESSIONAL

The Binom Strength BS108 Flat Row Bench is designed to provide powerful and controlled back and arm workouts. Its solid structure and professional finish ensure long-lasting performance, while the flat position allows a natural and safe movement, reducing strain on the lower back. Thanks to its functional design and modern aesthetics, the BS108 fits perfectly into any gym seeking high-quality equipment with maximum user comfort.

We are more than confident in saying that by choosing this machine, your investment will be guaranteed with a 100% reliable and precise product. With all necessary spare parts in stock, you can save space and money. All the biomechanics of this equipment have been developed by top engineers and trainers to isolate muscles in the most efficient way.

Binom Strength BS108 Flat Row Bench

GENERAL FEATURES

Experience excellence in your training routine with this flat row bench. With its robust design and plate-loaded technology, this equipment provides a workout that maximizes muscle development and stability during exercise. The machines include:

- Chassis with ultra-reinforced structure.
- High-quality Q325 steel.
- Most durable steel finishes on the market.

Built to withstand the most intense use, our benches combine strength and precision in every movement, ensuring a safe and efficient workout. With top-quality materials and a robust design, they are the ideal choice for those seeking maximum performance without compromising durability.

Our benches are a benchmark in the fitness world due to their high quality and reliability. Being a

professional bench, you can achieve very high performance without any of its components experiencing the slightest strain.
