Description

Binom Be Personal - BP11 Multi Functional Trainer

The **Binom Be Personal BP11 Multi Functional Trainer** is a versatile and complete functional training machine, designed to offer a full-body strength workout in a single piece of equipment. Its **dual adjustable pulley system** allows for a wide variety of exercises for the entire body, suitable for both beginners and advanced users. Its compact and ergonomic design makes it an excellent choice for personal gyms, allowing you to work on strength, stability, and coordination safely.

The **BP11** comes equipped with a **pair of stirrup-style handles**, ideal for performing varied and precise movements. It also includes a **footplate at the base** for more comfortable and stable rowing exercises. Its **adjustable arms** allow modification of height and working angle, expanding the range of possible exercises. Built with a **high-quality steel frame**, it ensures durability, stability, and safety during use. The machine features a **total load of 90 kg in weight stacks**, providing progressive resistance suitable for different training levels.

We are confident that by choosing this machine, your investment will be guaranteed with a 100% reliable and precise product. All necessary spare parts are in stock. You'll save both space and money. The biomechanics of this equipment have been designed by top engineers and trainers to help you develop muscles in the most efficient way possible.

Binom Be Personal BP11 Multi Functional Trainer

GENERAL FEATURES

The **BP11 Multi Functional Trainer** is a training machine with a **dual adjustable pulley system** and a **90 kg guided weight stack**, allowing for full-body training through pulling, pushing, and functional exercises. To use it, select the desired weight using the pin and adjust the pulley height according to the exercise (high, mid, or low). It offers great versatility to train **chest, back, arms, legs, and core**, allowing both unilateral and bilateral movements.

It enables a wide variety of exercises that target both the upper and lower body, providing a professional training experience anywhere. With the BP11, you can combine efficiency, safety, and versatility in a single piece of equipment. The machine includes:

- Ultra-reinforced frame.
- Finishes made of the most durable steel on the market.
- Free dual-function exercise switching for more comfortable workouts.

Boost your training with this 90 kg functional trainer from Binom Fitness: elegant design, unmatched performance. Take your strength to the next level!
